

## Water Conservation Notice

Due to loss in storage capacity the Town of Plattsburgh is implementing a mandatory water restriction order to all residential and industrial/commercial customers in the Town of Plattsburgh, this includes Beekmantown and Schuyler Falls. Town of Plattsburgh is requesting customers on Town of Plattsburgh municipal water systems to **curtail nonessential uses of water**.

Effective immediately, the following water restrictions must be observed until further notice:

- Water will not be used for washing vehicles, home exteriors, sidewalks, etc.
- The watering of lawns and gardens is prohibited
- The filling of pools or water used for any other recreational purpose must be discontinued.

This water restriction order will be enforced by the Town of Plattsburgh as well as other applicable authorities.

The Town of Plattsburgh also asks that all customers observe the following in-home conservation measures during the emergency:

- Check all plumbing fixtures and make any necessary repairs immediately
- Use full loads for washing machines and automatic dishwashers
- Take shorter showers
- Don't leave water running at the tap

The Town of Plattsburgh Water and Wastewater Department appreciates our customers' cooperation with these restrictions. The Public will be notified when this emergency is over, at which time these restrictions will be lifted.
